Performance Biolubes BioForm C60

Bio-Based Metal Forming Fluid

Description

Castrol *Performance Biolubes BioForm C60* is a light viscosity (60 cSt), high-performance metal forming fluid formulated with select plant-based oils.

Applications

- Recommended for all types of metal forming
- Highly effective on all metals including aluminum and stainless steel
- Applies by brushing, dipping, spraying or other method

Advantages

- Superior lubricity optimizes feed rates and increases productivity
- Smokes less than petroleum forming fluids
- Reduces amount of pressure required to form the metal
- Pleasant smelling for good operator acceptance
- Non-staining formula
- Better adhesion-reduces amount of product required
- One brush application – means no need to apply excessive amounts
- Outperforms conventional petroleum-based tapping fluids
- Responsible formulation
- Does not contain chlorine or sulfur
- Made from renewable North America-grown plant-based technologies
- Easily removed with alkaline cleaners
