Performance Biolubes BioForm Heavy Draw

Heavy Duty Bio-Based Drawing Fluid

Description

Castrol *Performance Biolubes BioForm Heavy Draw* is a heavy duty, multipurpose, bio-based drawing, forming and blanking fluid. Heavy Draw has a viscosity of 180 cSt at 40° C and is formulated with plant-based oils and select extreme pressure additives for superior protection and performance.

Applications

- Recommended for stamping, drawing, forming, blanking and spinning.
- Good for most metal types.
- Applies by brushing, dipping, spraying or other method.

Advantages

- Superior lubricity and extreme pressure characteristics.
- Good adhesion to metal.
- Contains no harmful chlorine, nitrites or phenols.
- Provides excellent rust and corrosion protection.
- Easy to remove with alkaline cleaners
- Extends die life by creating a barrier between workpiece and die.
- Made from sustainable North America-grown plant-based oils.
